

## Message from the President

Like last year, our Season's Greetings come in the form of a special edition of IMPRINT.

2016 has been a good year of progress for IMPCA; we have again attracted new members, and our conferences went well.

My compliments go to the many persons and companies who have contributed to our achievements during the year, in particular the speakers, sponsors and participants at the conferences in New Orleans in February, in Porto in June and in Singapore in November.

In this context I would also like to mention the efforts of the members of the Technical Committee and of the Board. We are dependent on the services of these volunteers from the membership, and it is pleasing to note the willingness shown.

I wish all our relations around the world the very best for the Holiday Season and the coming New Year, when I hope to see you at one or more of our many events, the first one being the 5<sup>th</sup> IMPCA Mississipi Conference America at the Hotel Monteleone in New Orleans, Louisiana on 9<sup>th</sup> and 10<sup>th</sup> February 2017.

René Butzelaar, President

## 19<sup>th</sup> IMPCA Asian Methanol Conference 2016

**Methanol Marketing Services Asia** organised the 19<sup>th</sup> IMPCA Asian Methanol conference at the Regent hotel in Singapore from November 1st to November 3rd 2016.

IMPCA President, René Butzelaar opened the conference and was also one of the moderators together with IMPCA Director/Secretary, Trond Tenold.

Again Mark Berggren and his colleagues at MMSA had put together an interesting agenda of relevant topics presented by MMSA personnel and people from the industry.

**The 20<sup>th</sup> IMPCA Asian Methanol Conference is scheduled for November 7<sup>th</sup> to 9<sup>th</sup> 2017.**

The Mini-Conference in 2017 will be held at the EMPIRE RIVERSIDE HOTEL in Hamburg, Germany on 8-9 June 2017. Crucial for the choice of venue is of course that a ship suitable for our Thursday evening networking buffet dinner is available, and the ship in 2017 will be MS RIVER STAR.
